ABAOMS 2022 Webinar Series

An introduction to Sinus Lifts: Core
Knowledge for Oral Surgery Trainees

Wednesday, 18th May, 2022 – 18:00 to 19:30 BST

Our Speaker: Aims:

Dr Robert Bolt

Consultant Oral Surgeon at School of
Clinical Dentistry, University of Sheffield
BDS (Hons), MFDS, MBChB (Hons),
MClInRes, PhD, MOralSurg, FDS, FHEA

Dr Robert Bolt is Director of the University of Sheffield's "One-to-One" dental implantology course, and is Implantology Lead for The University of Sheffield's undergraduate curriculum. He is both medically and dentally qualified, and completed a period of extended training in Oral Surgery, which included complex surgery relating to dental implantology. Dr Bolt's clinical interests include dental implantology, guided bone regeneration, sinus surgery and the use of extensive grafting techniques in the management of bony defects. Dr. Bolt also has interests in dental sedation and video capture of surgery for means of student teaching.

- To introduce Trainees in Oral Surgery to sinus lift techniques
- To provide the core clinical knowledge likely to be encountered in exit examinations for Oral Surgery

Objectives:

- To briefly cover the history of sinus lifting
- To demonstrate the sequences of sinus lift surgery, using a clinical example
- To discuss planning aspects of sinus lift surgery, including clinical and radiographic assessment
